

## What you need to know when you make your appointment:

in order to get the appointment you need, we would like you to tell us, what kind of examination your family doctor demands (examination of the heart, ultrasonic examination of the carotid or limb vessels, holter-ecg or blood pressure measurement over 18 hours...)

Please notice that depending on the kind of examination it may take 6 to 8 weeks until your appointment.

## The day of your appointment please take with you:

- a valid referral ("Überweisung")
- your insurance card
- copies of former results which might be relevant for us (result of heart catheter, leaving reports from hospitals...)
- enough time ( your stay in our medical practice may last from half an hour up to two and a half hour)

**Please have breakfast and take your medicaments as usual.**

## Appointment by phone:
